

JustServe City Overview

JustServe believes in spreading hope, goodness, and unity through the vital role of volunteerism. With motivated individuals and communities, we can build united and harmonious societies.

The JustServe City program, in conjunction with the free JustServe volunteer platform, links individuals from every walk of life with local service projects. Through this program, JustServe strives to

- Collaborate with cities to champion service and volunteerism,
- Recognize cities for their efforts, and
- Celebrate individuals for the selfless efforts they are making to bring hope and goodness to others.

JustServe provides a platform for community members to find and engage in volunteer opportunities and will regularly acknowledge and celebrate the contributions of volunteers.
